SUBJECT No. 152.

viding a separate building for the District Jail at assan.

rs. H. V. Rangasami and B. singrachar, Hassan taluk; B. yanarayana Rao and N. S. njundaiya, Hassan Municiity; A. Narayana Iyengar, ssan District Agricultural and lustrial Association.

Summary of discussion.—A separate building may be provided for the District Jail at Hassan as the location of the District Police Office and District Jail in the same building is highly undesirable.

Reply of Government.—Under consideration.

Chief Secy's orders in this file (E.C. 40-17) I think funds for constructing a public building as this should be provided in the P.W. Budget. The Chief Engr may be consulted the matter. It is not usual make separate provision in parliamentary Budgets. On administrative side the provision of office accommodation as proposed for the Secretariat now kept in rented buildings is desirable.

Memo on the design for the proposed combined office at Hassan:-

---

Drawing No.1. Gives a site plan of the proposed building to a scale of 200 ' to 1"

Drawing No.2. Gives a ground floor plan of the building.

Drawing No.3. Gives a first floor plan of the same.

Drawing No.4. Gives the front elevation of the building.

Drawing No.5. Gives suitable cross sections of the same to a scale of 20' to 1".

2. The design is prepared in a most economical manner to accommodate ten offices in all,

(1) The Marahmat Engineers' Office.
(2) District Sanitary Officer's office.
(3) District Police Superintendent's office
(4) The Second class Magistrate's Court in the ground floor, and
(5) District Inspector of Education.
(6) Assistant Inspector of Education.
(7) Economic Superintendent's office.
(8) District Committee Office.
(9) Co-operative Society Inspector 's office
(10) The Special First Class Magistrate's court in the first floor.

3. The design is prepared on the open hall system with screen partitions 8' high between rooms, capable of being shifted at will to any length forming multiples of a four and a half feet.

4. Pucca cross walls are given only in places of importance where they devide one main office from another and lavateries etc. from the former.

5. There is sufficient lavatory accommodation given for the use of officers and clerks in both ground and first floor. A tiffin room is also given. The witnesses visiting the Magistrate Court will have a special outside latrine for their use and of the public as well.

6. The extensions to this building, if desired, may be had, at a future date, by projecting single or double storied wings (preferably the former for effect) to the building and connecting

them to the main building by corridors, as shown in the site plan.

7. The style used for this building is simple cottage style with a tinge of a Saracenic. feeling that is considered to be the best suited for public buildings in the moffusil.

8. The building is to be built of brick plastered over, inside and out with a plinth and foundation of coursed rubble masonry. Roofing is to be of Mangalore tiles.

9. The approximate cost of the building as per plinth area rate comes to Rs1,00,000 at Rs8-12-0per square foot.

10. All further details for execution will be prepared and submitted, in due course, after getting administrative sanction.

It is found that the Chief Engineer has reported that there is no chance of finding funds for this work from the Public Works Department Budget even in the next offi--cial year. In this connection I have to bring to the -- notice of Government that want of accommodation is keenly felt by the several officers and that good private buildings too cannot be had in Hassan for rent. I would therefore request that Government may be pleased to sanction the project and to direct that it may be started during the coming year at least.
